**Overview / General Information**

In order to be considered, the proposer's team must have implemented a similar proposed solution in at least two locations in the state of Illinois. Failure to show that the proposer's team meets this entrance criterion will result in the proposal being rejected.

Proposals that meet the entrance criterion described above will be evaluated by a selection committee. A limited number of offerors may be invited for an interview and system demonstration. The county reserves the right to request a best and final offer. Once the evaluation process is complete, the selection committee will provide a recommendation to the County Board for consideration and approval.

The proposal evaluation process is designed to award the contract to the respondent with the best combination of attributes (i.e., qualifications and experience, cost), not necessarily to the respondent of least cost.

Respondents must provide all information outlined in the Evaluation Factors to be considered responsive. Proposals will be evaluated based on the responsiveness of the respondent's information provided, which will demonstrate the respondent understands the Evaluation Factors and capacity to perform the required services of this RFP.

Any contract shall be interpreted under the law of the State of Illinois. The venue and jurisdiction for any dispute resolution or court proceeding shall be Vermilion County Illinois. All vendors shall comply with the applicable terms in the contractor's addendum and the addendum must be part of the responsive bid.

The County reserves the rights to waive any informality in or to reject any or all bids and to accept any bids deemed most favorable to the interest of the County after all bids have been examined and tabulated.

The County may award a contract on individual items within a particular group or on the total group of items. Contracts shall be awarded to the lowest responsible bidder on the basis of the bid that is in the best interests of the County to accept.

In awarding the contract, in addition to price, the County will consider:

- The ability, capacity, and skill of the bidder to perform the contract to provide the service required;
- Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference;
- The character, integrity, reputation, judgment, experience, and efficiency of the bidder;
