

VERMILION COUNTY JUVENILE DETENTION CENTER HEALTH SERVICES

PHYSICIAN SERVICE AGREEMENT

This document is to confirm a service agreement between the Vermilion County Juvenile Detention Center and the physician signing below. This physician is to act as the responsible physician providing primary medical services and supervision for the Vermilion County Juvenile Detention Center. All medical services will be provided in compliance with all policies of the Vermilion County Juvenile Detention Center.

Said physician shall act as the physician for the Vermilion County Juvenile Detention Center and, upon request of the Director of Detention, shall give physical examinations to juvenile detention center personnel and may refer them to specialists for additional examinations as needed.

Minimum Requirements:

1. Education:
 - A. Requires completion of courses in an approved Medical school, or completion of courses approved by the Education Council for Foreign Medical Graduates supplemented by at least one (1) year of Internship or its equivalent, and
 - B. Requires a license to practice medicine in Illinois.

2. Experience:
 - A. Requires clinical experience within the three (3) years immediately prior to contractual employment with the Vermilion County Juvenile Detention Center in the practice of general and family medicine; or
 - B. Specialization in internal medicine or infectious disease control with appropriate clinical experience.

Objective:

To serve as the responsible physician providing primary care through standing orders endorsed by the responsible physician.

Job Responsibilities:

The Jail Health Services Physician will:

1. Be responsible for final medical judgement regarding patient care, including preventive and therapeutic care to provide for the physical and mental well-being of the juvenile residents and the Vermilion County Juvenile Detention Center.

Primary care and primary care supervision will include the following:

- A. Routine visits as requested by either the JDC or the PSB registered nurse for response to juvenile sick-call cases which have already been triage by the staff nurse;
 - B. Telephone consultations regarding emergency care or response for an ill or injured patient;
 - C. Emergency response visits, if deemed necessary by the physician, to the detention center to examine and order appropriate care for ill or injured juveniles;
 - D. Serve as attending primary care physician for juveniles admitted to a hospital, unless they have their own physician;
 - E. Review of nursing notes on juveniles' charts regarding required physical examinations and routine sick-call observations;
 - F. Issue prescriptions for therapeutic medications or care for juveniles who have conditions which are not covered by standing clinical orders;
 - G. Review monthly juvenile detention center health service statistics and practices to determine compliance with standing orders, protocols and procedures.
 - H. At the request of the Director of Detention, will examine juvenile detention personnel and refer them to specialists for additional examination as needed.
2. Function as primary medical consultant for the development and review of appropriate and necessary medical protocols, policies and procedures. This requirement includes a complete review, at least annually, and revisions as necessary of all juvenile detention center health services, standing clinical orders, policies, protocols and procedures.

Professional Liability:

The physician responsible for medical care at the Vermilion County Juvenile Detention Center will provide to the Vermilion County Juvenile Detention Center's Director, and update as necessary, proof of liability insurance coverage because physicians' professional liability insurance coverage is excluded for the general liability insurance policy written for Vermilion County, Illinois.

Financial Agreement:

In consideration of the service and staffing requirements listed above, the responsible physician will be compensated for said services at a rate of \$ 1,000 per month as a retainer for professional medical consulting services, and for medical services rendered at the Vermilion County Juvenile Detention Center. The responsible physician will be reimbursed for juvenile care services delivered at the hospital and/or office on the basis of his billing for these separate services.

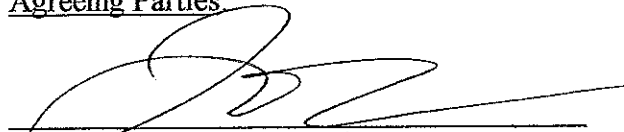

Terms of Agreement:

This agreement will be effective for the period from:

December 1, 2008 to November 30, 2009

The agreement may be terminated by either party to the agreement by the delivery of a written Notice of Termination of at least sixty (60) days prior to the effective date of termination.
