## Financial Policy

### Purpose:

The purpose of a **County Financial Policy** is to serve as a foundation for long and short range planning, facilitate decision making, and provide direction to staff for handling the County's day-to-day financial business. Because of the broad and diverse nature of the County's numerous committees and departments, having written, clearly defined financial policies minimizes the risk of developing conflicting or inconsistent goals and objectives which could have a negative impact on the overall financial position of the County.

### 1.00 Reserves

- 1.01 Each fund should maintain a cash fund balance, meaning in a cash account and any other investments readily converted to cash with an original maturity of 90 days or less, at a level which will provide for a positive cash balance throughout the fiscal year. In the General Fund, such amount should be no less than 25% of the annual appropriation.
- 1.02 The Option II Sick Days and Personal Days off systems should be funded in an amount that equals the total expected payout in a given fiscal year, less their normal annual accrual.

### 2.00 Use

- 2.01 A financial system should be utilized which will provide for on-going budgetary control, with monthly reports to department heads.
- 2.02 Budget goals for the next fiscal year should be established by the Board Chairman prior to July 1.
- 2.03 A five year Capital Projects Budget should be presented by the Building & Grounds Department for all buildings to the Property Committee and Finance Committee each year.
- 2.04 The Finance Committee, for each fiscal year, will project revenues first to be able to set goals for that year.

### 3.00 Funding

#### 3.01 Revenues

- 3.01.01 Sound appraisal procedures will be maintained to keep property values current for insurance purposes.
- 3.01.02 Where possible, the County will identify and establish all user charges and fees at a level related to the cost of providing the services.
- 3.01.03 Disbursement, collection and deposit of all funds will be scheduled to insure efficient cash flow and to maximize investments.
- 3.01.04 When permitted by law, the County should pool cash from different funds for investment purposes.

#### 3.02 Expenditures

- 3.02.01 The County will pay all current expenditures with current revenue when possible.
- 3.02.02 Annual review will be made for the adequate maintenance of capital plant and equipment.
- 3.02.03 Tech Services will be funded to provide for the orderly replacement of office equipment, such as computers, copiers, telephones, etc.
- 3.02.04 The County will not use long term debt for current operations.
- 3.02.05 Each department will have 30 days past budget end to turn in expenses for that budget year.

**4.00 Controls**

- 4.01 An independent certified public accountant will perform an annual audit and will publicly issue a financial opinion; a statement on internal controls and a schedule of findings, questioned costs and auditee corrective action plan will be part of the report.
- 4.02 The County should carefully monitor state legislation and its impact on Vermilion County.
- 4.03 Policies and procedures should be developed to provide for position control, as it relates to authorized positions, hours budgeted and worked, and filling vacancies.
- 4.04 The County should maintain separate policies and administrative procedures for the following areas:
  - 4.04.01 Personnel
  - 4.04.02 Information Data Processing
  - 4.04.03 Purchasing
  - 4.04.04 Fleet Management
  - 4.04.05 Building Utilization
  - 4.04.06 Petty Cash
  - 4.04.07 Risk Management (Insurance)
  - 4.04.08 The County will maintain a fixed assets inventory.
  - 4.04.09 Internal control procedures should be formally documented and reviewed periodically.
  - 4.04.10 The County will maintain a comprehensive accounting procedures manual and update it on a continuing basis.

**5.00 Budgetary**

- 5.01 Basis of Accounting
  - 5.01.01 Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.
  - 5.01.02 Accounting records and reports made by County officials are on the cash basis. Under this method, revenue is recorded when collected and expenditures are recorded when disbursements are made. However, the Illinois County Auditing Law requires audit reports to contain statements that are in conformity with generally accepted accounting principles, setting forth financial position and the results of operations. For purposes of these financial statements, the accounting for all the funds has been converted to the modified accrual basis or accrual basis, as required by generally accepted accounting principles.
  - 5.01.03 All governmental and fiduciary funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time.
  - 5.01.04 Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.
  - 5.01.05 The proprietary fund is accounted for using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.
- 5.02 Budget and Appropriations
  - 5.02.01 The County adopts an annual budget and appropriation ordinance in accordance with ILCS Chapter 55, Act 5. The budget covers the fiscal year ending November 30, and is available for public inspection at least fifteen days prior to final adoption. All appropriations cease with the close of the fiscal year.

## RESOLUTION

**RE:** *Mission Statement of Personnel/Finance Committee*

**WHEREAS**, the financial condition of Vermilion County requires a change in our approach to budgeting and planning, and

**WHEREAS**, this need will continue for the foreseeable future due to trends in finances which could divert former sources of revenue and money away from local governments due to years of the State not attending to financial issues, and

**WHEREAS**, there will be an increasing need to predict trends, prioritize our needs and curb spending where possible, and to ensure both sound budgeting practices and public confidence in the financial practices of the County

**IT IS THEREFORE determined** by the Personnel and Finance Committee that our approach to formulating a budget and monitoring the financial status of the county shall change as follows:

1. The Personnel and Finance Committee will adopt a **Financial Best Practices** program that will modernize our financial practices and, at a minimum, achieve maximum use of all financial talent within County government. All view points and assistance from persons with financial skills within County government will be sought. Said program will designate a financial reporting officer, normally the Chairman of the Personnel and Finance Committee, who will report to the County Board in person on a monthly basis and respond to questions regarding the financial status and practices of the County.
2. Commencing with the figures for the close of business at the end of April, 2015, the Financial Resources Director will prepare a monthly report on the state of the County finances. Any concerns regarding the financial status or financial practices of the County should be a part of that monthly report. In the event that there is a disagreement as to the contents of the monthly report, separate reports may be submitted.
3. Any concerns brought to the Personnel and Finance Committee must be reported to the County Board at the monthly meeting and include a plan of action to remedy the concerns. A follow up report will be presented at a subsequent County Board meeting.
4. The Personnel and Finance Committee will begin to study the function of each department and prioritizing the needs of the County. All County departments and functions will be divided into three categories: a) Mandated services we are required to provide, b) Essential services we should provide, (i.e. failure to provide these services will negatively impact the quality and safety of the community or detract from our ability to attract business.) and c) Optional services we would like to provide, but are not required to do so, and are of such a nature that they could be provided by private business or other government bodies. While no action is contemplated, in the event of an emergency in finances, planning the allocation of resources would be easier.
5. It is the goal of this committee to improve communication regarding our finances with the entire board. As such we hope that not only will there be written notice of any spending item as required by law, but also a summary of its financial impact on the budget or County finances.

## RESOLUTION

**RE:**            *Mission Statement of Personnel/Finance Committee (con't)*

6. To the extent possible, on each monthly agenda for the Personnel and Finance Committee and the County Board, the beginning balance of cash for each fund or line item for which there is a significant spending request or a budget amendment to be made will be indicated, along with the dollar amount of the proposed expenditure and the best estimate of the cash balance within that fund or line item balance if the expenditure is approved. At the end of the agenda, there shall be indicated the financial impact on the budget or budgets of the County if all proposed expenditures on the agenda are approved.

7. All major expenditures will be planned in advance and will be staggered or delayed where such delay will not cause greater harm. A physical maintenance program as begun by the property committee and a capital improvements plan and budget as required by our financial policy, will be created and monitored.

8. The Personnel and Finance Committee will work on the goal of developing Financial Best Practices and Budget procedures that will allow for reducing unnecessary spending, developing a safety net for lean times, and driving our limited resources toward our highest priority goals, thereby avoiding unwieldy "across the board cuts" in times of reduced income.

9. Business finance professionals and community leaders will be consulted as needed by the Personnel and Finance Committee members to encourage the sharing of ideas and other best practices. Developing a financial best practices model is continuing goal and using talent and resources outside of county government may be helpful in keeping the Committee's approach open and responsive to the needs of the County.

### Budget

A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating body for adoption and sometimes the plan finally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

### Budget Document

The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect.

### Budgetary Control

It is not necessary, however, to have a separate bank account for each fund unless required by law.

Uniform minimum standards of and guidelines to financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative statement on the application of GAAP to state and local governments is NCGA Statement 1. Every government should prepare and publish financial statements in conformity with GAAP. The objectives of governmental GAAP financial reports are different from and much broader than the objectives of business enterprise GAAP financial reports.

The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status.
