

07 2019

Illinois Environmental Protection Agency  
COUNTY CLERK  
VERMILION CO. IL.

Public Notice  
Proposed Issuance of the Clean Air Act Permit Program Permit  
Viscofan USA, Inc. in Danville

Viscofan USA, Inc. has applied to the Illinois Environmental Protection Agency (Illinois EPA) for a Clean Air Act Permit Program (CAAPP) permit regulating air emissions from its facility located at 915 North Michigan Avenue in Danville. The source is a manufacturer of cellulosic tubular casings used primarily for the forming and processing of meat products. Based on its review of the application, the Illinois EPA has made a preliminary determination that the application meets the standards for issuance and has prepared a draft permit for public review.

The Illinois EPA is accepting comments on the draft permit. Comments must be postmarked by midnight March 9, 2019. If sufficient interest is expressed in the draft permit, a hearing or other informational meeting may be held. Requests for information, comments, and questions should be directed to Evan Yates, Office of Community Relations, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/557-6474, TDD phone number 866/273-5488, [Evan.Yates@illinois.gov](mailto:Evan.Yates@illinois.gov).

The repositories for the draft permit documents are at the Illinois EPA's offices at 2125 South First Street in Champaign, 217-278-5800, and 1021 North Grand Avenue East, Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the draft permit and project summary may also be available at <http://bit.ly/2SiUSql>. Copies of the documents will be made available upon request.

The facility is located in or near a potential Environmental Justice area pursuant to Illinois EPA's Environmental Justice Public Participation Policy. More information concerning Environmental Justice may be found at <https://www2.illinois.gov/epa/topics/environmental-justice/Pages/default.aspx>.

The CAAPP is Illinois' operating permit program for major sources of emissions, as required by Title V of the Clean Air Act (Act). The conditions of CAAPP permits are enforceable by the public, as well as by the USEPA and Illinois EPA. In addition to implementing Title V of the Act, CAAPP permits may contain "Title I Conditions," i.e., conditions established under the permit programs for new and modified emission units, pursuant to Title I of the Act. The permit contains no T1 conditions that are being newly established or revised by this application.
