PRESS RELEASE

The State of Illinois and Federal Government have declared a public health emergency as a result of the pandemic coronavirus. The circumstances change daily. There are calls by health officials to slow down personal contacts and maintain social distancing. With the primary election behind us, the County is attempting to comply with the calls for such reduction in personnel traffic.

As of Wednesday March 18th, 2020. The Vermilion County offices will remain open. With that said, we ask that the public only enter our buildings for **essential business only**. Any business that can be done via phone and or email we ask that you complete it by those means. Contact information for all of our offices can be found on our website at: vercounty.org

We ask the public to help us in this endeavor for the safety of our staff members and to the publics alike.

Judicial information can be found also on: vercounty.org or don't hesitate to phone the appropriate offices.

Larry Baughn Jr.,
Vermilion County Board Chairman
