RE: West Newell Road
Notification of Jurisdictional Change

Dear Ms. Jenkins:

On May 4, 2004, the Illinois Department of Transportation approved an extension of CH 20 (West Newell Road) from the Danville Corporate Limits to US 136/IL1.

Section 4-9 of the Jurisdictional Transfer Guidelines states:

4-9 MUNICIPAL EXTENSIONS OF COUNTY HIGHWAYS

The county board, by resolution approved by IDOT, may designate an existing street as a municipal extension of a county highway. The street will remain part of the municipal street system until construction by the county commences; then only the portion being constructed or improved will become part of the county highway system (605 ILCS 5/5-106). The county should obtain concurrence from the municipality prior to designating a municipal extension.

Approval by the corporate authorities of municipalities with populations over 500 is required before counties may construct or maintain a street within the corporate limits of a municipality.

Approval is not required if the municipality has a population of 500 or less (605 ILCS 5/5-408); however, counties are encouraged to obtain concurrence from municipalities with a population of 500 or less (605 ILCS 5/1-102).

Vermilion County improved this segment of roadway in 2004 under Section 99-00146-00-PV and reconstructed it again in 2017 as section 13-00203-00-RS.

Since improvements were made to the extension in 2004 and in 2017, the improvements become part of the County Highway system as County jurisdiction. This is your notification of this change in jurisdiction.

Sincerely,

Kensil A Garnett
Region Three Engineer
