II. CHARGES AND FEES; TAXES: a. Equipment Installation. Upon acceptance of this Agreement, Customer will pay to Johnson Controls the Installation Deposit Amount set forth in the Scope of Work/Schedule of Protection. Johnson Controls may invoice Customer for progress billings based upon Equipment and/or System components delivered or stored, and/or Services performed before completion of the System/Equipment installation, activation of the System, connection to the CMC, or any other Service(s). All invoices for the installation Deposit Amount and the Installation Charges are due upon receipt. Any outstanding Installation Charges and/or Fees shall be due and payable as a precondition to activation of System and, if applicable, connection to Johnson Controls Central Monitoring Center ("CMC") or any other Service(s). Any changes in the Statement of Work/Schedule of Protection made by the Customer after execution of this Agreement must be agreed to by Johnson Controls and Customer in writing and may be subject to additional charges, fees and/or taxes. In addition, prices for Equipment covered by this Agreement may be adjusted by Johnson Controls, upon notice to Customer at any time prior to shipment and regardless of Customer's acceptance of the Johnson Control's proposal or quotation, to reflect any increase in Johnson Controls' cost of raw materials (e.g., steel, aluminum) inability to secure Equipment, changes or increases in law, labor, taxes, duties, tariffs or quotas, acts of government, any similar charges, or to cover any extra, unforeseen and unusual cost elements. For termination prior to the end of the Initial Term, Customer agrees to pay, in addition to any outstanding Fees and charges for Service(s) rendered prior to termination 90% of the Annual Service Charge(s) remaining to be paid for the unexpired term of the Agreement as liquidated damages but not as a penalty.

Thereafter, Customer may purchase additional training in one-hour increments at Johnson Controls' then current rate. 6. Site Preparation, Intrusion and Restoration. Unless otherwise noted herein, Customer is responsible for providing: (a) any necessary electric current, (b) an outlet within 10 feet of an alarm control panel, (c) telephone connections, (d) network drops, and (e) any required conduit, wiremold, or other raceway, (f) any required IP address assignments, and (g) additional network software licensing. The installation of the equipment/system may necessarily require cutting, bolting or fastening into Customer's floors, walls and/or ceilings. Johnson Controls shall not be responsible for any expenses related to intrusion, mold, fungi, bacteria, wet/dry rot, patching, floor or wall finishing, or paint, tile, carpet or wallpaper matching, restoration or replacement resulting from installation or service of the equipment/system. 7. Battery Powered Devices. Customer understands that any battery-powered motion detectors, smoke detectors, door and window contact transmitters and other detection sensors installed/serviced under this Agreement require batteries to operate. THESE BATTERY-POWERED DETECTION SENSORS WILL NOT OPERATE, AND THE ALARM WILL NOT SOUND, IF THE BATTERY ENERGY LEVEL OR CHARGE IS LOW, OR DEPLETED. It is Customer's sole responsibility to maintain and replace any batteries. Customer shall carefully read and follow the owner's manual, instructions and warnings for all such equipment and regularly inspect the sensors for dirt and dust buildup and test the sensors weekly to help maintain continued operation. 8. Customer is solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply Johnson Controls secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access. Customer is responsible to take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

7. Closed Circuit Television ("CCTV")/Video Equipment. Intentionally left blank – no CCTV/Video Equipment has been purchased.

8. New York City Fire System. Intentionally left blank.– covered system is not installed in NYC

D. Electronic Media; Personal Information; Consent to Call, Text or Email. 1. Electronic Media. Either party may scan, fax, email, image, or otherwise convert this Agreement into an electronic format of any type or form, now known or developed in the future. Any unaltered or unadulterated copy of this Agreement produced from such an electronic format will be legally binding upon the parties and equivalent to the original for all purposes, including litigation. Johnson Controls may rely upon Customer's consent to the terms and conditions of this Agreement, if Customer has signed this Agreement or has demonstrated its intent to be bound whether by electronic signature or otherwise. 2. Personal Information. Customer represents and warrants that Customer has obtained all consents and has the right to (a) disclose to Johnson Controls all personal information disclosed hereunder concerning individuals/employees or other third parties including all information contained in Customer's Emergency Call List ("ECL"); (b) permit Johnson Controls to collect (including consent to record telephone conversations with Johnson Controls), use, disclose and transfer such personal information; and (c) expressly authorizes Johnson Controls to use such personal information to administer the relationship and the agreement between Customer and Johnson Controls, including, but not limited to, contacting Customer personnel at the telephone numbers and/or email addresses provided: (i) using SMS, text, prerecorded messages, or automated calling devices to deliver messages to set/confirm a service/installation appointment; and/or (ii) to provide information or offers about products and services of interest to Customer. Customer acknowledges and agrees that Johnson Controls may share all such information with its parents, subsidiaries, affiliates and its/their successor corporations or any subcontractor or assignee, within and outside the country in which the Customer is located and thereby subject such information to the laws of such countries.

E. Limitation of Liability, Indemnification (Sale of Access/Video Equipment and Installation Only). Notwithstanding anything to the contrary in this Agreement or any purchasing document presented by Customer, only Video and/or Access Equipment and Services shall be provided by Johnson Controls under the terms and conditions of this Agreement. The Equipment and Services provided by Johnson Controls under this Agreement will not include: (a) burglar and/or fire detection or alarm equipment or monitoring, maintenance, inspection or other services; (b) security guard services; or (c) architectural, engineering, or design professional services. If any other equipment or services are requested by or provided to Customer, then such equipment and/or services shall be provided under a separate written agreement executed by Customer and Johnson Controls which shall contain the alarm industry specific terms and conditions.

1. Indemnity. (a) Johnson Controls shall defend, indemnify and hold Customer, its corporate affiliates, and their respective officers, directors, agents and employees harmless from damage, liability and expense resulting from the negligent acts or willful misconduct of Johnson Controls' agents and employees committed while performing Services on Customer's premises, to the extent that they are the direct cause of the loss, damage or injury to third parties or Customer's property (e.g., equipment dislodging and striking a third party due to improper installation), as opposed to being caused by an occurrence or the consequences therefrom that the Equipment or Services were intended to deter, detect or avert. (b) Customer shall defend, indemnify and hold Johnson Controls, its affiliates, and their respective officers, directors, agents, suppliers and employees, harmless from damage, liability and expense to the extent that any such loss is not directly caused by the negligent acts or willful misconduct of Johnson Controls' agents, suppliers and/or employees, or arises out of any claim related to invasion of privacy, infliction of emotional distress, harassment, violation of eavesdropping/wiretapping laws or similar claims arising out of Customer's use of the Equipment and/or Services.

2. Limitations on Liability. If Customer uses the Equipment and/or Services to aid in monitoring or controlling the location or activities of persons on or about its property and premises, Customer acknowledges that the Equipment and/or Services are not intended to be the sole means for doing so. Johnson Controls' Equipment and Services do not cause and cannot eliminate occurrences of the events they are intended to deter, detect, avert or record. Johnson Controls is not an insurer of the safety or security of any person, entity or property, or against the risks attendant to a person's presence in, or ingress to or egress from any building, property or area that may be monitored by the Equipment and/or Services. The amounts Johnson Controls charges Customer are not insurance premiums. Such charges are based upon the value of the Equipment and Services provided and are unrelated to any such risk of loss. Johnson Controls and its suppliers do not undertake and assume no liability for such risk by providing the Equipment and/or Services. If Johnson Controls and/or one (or more) of its suppliers is nevertheless found liable under any legal theory for loss, damage or injury caused directly or indirectly by occurrences or the consequences therefrom which the Equipment and/or Services are intended to deter, detect, avert or record, Johnson Controls' liability and the liability of its suppliers shall be limited to the sums paid by Customer for the Equipment or

Services at issue as Customer's sole remedy. Johnson Controls and its suppliers are not responsible for the preservation of any computer programs or data and Customer is responsible for maintaining adequate back-ups.

F. Other Charges; Remedies; Termination. 1. There may be a service charge to Customer for cancelled installation/service appointments if Customer cancels less than 24-hours prior to dispatch, or if Johnson Controls' representative is sent to the Customer's premises in response to a service call for false alarm or System malfunction caused by Customer's operation contrary to instructions, failure to close or properly secure a window, door or other protected point, or improper adjustment of monitors or accessory components. 2. Customer acknowledges and agrees that timely payments of the full amounts listed on invoices is an essential term of this Agreement and that Customer's failure to make payment in full when due is a material breach of this Agreement. Customer further acknowledges that if there is any amount outstanding on an invoice, it is material to Johnson Controls and shall give Johnson Controls, in addition to any other available remedies, the right to, without notice, (a) suspend, discontinue or terminate performing any Services and/or withhold further deliveries of equipment and other materials, terminate or suspend any unpaid software licenses, and/or suspend Johnson Controls' obligations under or terminate this Agreement and (b) to charge interest on the amounts that remain unpaid more than thirty (30) days past the due date specified in the invoice(s) at a rate equal to the lesser of 1.5% per month or the maximum rate permitted under applicable law, until payment is made in full. Customer agrees to pay all costs, expenses and fees of Johnson Controls' enforcement of this Agreement, including collection expenses, court costs, and attorneys' fees. Johnson Controls' election to continue providing future Services does not, in any way, diminish Johnson Controls' right to terminate or suspend Services or exercise any or all rights or remedies under this Agreement. Johnson Controls shall not be liable for any damages, claims, expenses or liabilities arising from or relating to suspension of services for non-payment. In the event that there are exigent circumstances requiring Services or Johnson Controls otherwise performs Services at the premises following suspension, those Services shall be governed by the terms of this Agreement unless a separate contract is executed. If Customer disputes any late payment notice or Johnson Controls' efforts to collect payment, Customer shall immediately notify Johnson Controls in writing and explain the basis of the dispute. In the event of Customer's default, the balance of any outstanding amounts will be immediately due and payable. Installation Charge(s) are based on Johnson Controls performing the installation with its own personnel. If for any reason installation must be performed by outside contractors, Installation Charge(s) may be subject to revision. 3. In addition to any other remedies available to Johnson Controls, Johnson Controls may terminate this Agreement and discontinue any Service(s) if (a) Johnson Controls' CMC is substantially damaged by fire or catastrophe or if Johnson Controls is unable to obtain any connections or privileges required to transmit signals between the Customer's premises, Johnson Controls' CMC or the Municipal Fire or Police Department or other first responder; (b) Customer fails to follow Johnson Controls' recommendations for the repair or replacement of defective parts of the System not covered under the Warranty or QSP Service; (c) Customer's failure to follow the operating instructions provided by Johnson Controls results in an undue number of false alarms or System malfunction; (d) in Johnson Controls' sole opinion, the premises in which the System is installed are unsafe, unsuitable, or so modified or altered after installation as to render continuation of Service(s) impractical or impossible; (e) Johnson Controls is unable to obtain or continue to support technologies, TeleCom Services, Communication Facilities, Equipment or component parts thereof that are discontinued, become obsolete or are otherwise not commercially available; or (f) Customer fails to make payments when due or otherwise breaches this Agreement. Johnson Controls will not be liable for any damages or subject to any penalty as a result of any such termination.

G. Hazardous Materials. For all projects except those involving new construction, Customer represents and warrants that to the best of Customer's knowledge the work site is free of any hazardous materials. The term "hazardous materials" includes but is not limited to asbestos, asbestos-containing material, polychlorinated biphenyl ("PCB"), formaldehyde or other potentially toxic or otherwise hazardous material. If any such substance is discovered on the work site, Johnson Controls will not be required to install or service the Equipment at such site unless and until Customer certifies the removal or safe containment of such hazardous materials. Customer shall indemnify, defend, and hold Johnson Controls, its officers, directors, agents, and vendors harmless from any damages, claims, injuries, liabilities resulting from the exposure of Johnson Controls' employees, contractors, or subcontractors to hazardous materials at the work site; provided, however, that the foregoing provision will not apply when it has been determined that such hazardous materials were brought to the work site by Johnson Controls.

H. Waivers. 1. Waiver of Jury Trial. CUSTOMER AND JOHNSON CONTROLS BOTH AGREE TO WAIVE THEIR RIGHT TO A JURY TRIAL IN ANY LEGAL PROCEEDING ARISING OUT OF OR IN ANY MANNER CONNECTED WITH OR RELATED TO THIS AGREEMENT. 2. Mutual SAFETY Act Waiver. Certain of Johnson Controls' systems and services have received Certification and/or Designation as Qualified Anti-Terrorism Technologies ("QATT") under the Support Anti-terrorism by Fostering Effective Technologies Act of 2002, 6 U.S.C. §§ 441-444 (the "SAFETY Act"). As required under 6 C.F.R. 25.5 (e), to the maximum extent permitted by law, Johnson Controls and Customer hereby agree to waive their right to make any claims against the other for any losses, including business interruption losses, sustained by either party or their respective employees, resulting from an activity resulting from an "Act of Terrorism" as defined in 6 C.F.R. 25.2, when QATT have been deployed in defense against, response to, or recovery from such Act of Terrorism.

I. Miscellaneous. 1. Enforceability. If any of the provisions of this Agreement shall be determined to be invalid or unenforceable, the remaining provisions shall remain in full force and effect. 2. Paragraph and Section Headings; Captions; Counterparts. The headings and captions contained in this Agreement are inserted for convenience or reference only, and are not to be deemed part of or to be used in construing this Agreement. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same agreement. 3. FARs. Johnson Controls supplies "commercial items" within the meaning of the Federal Acquisition Regulation (FAR), 48 CFR Parts 1-53. As to any customer order for a U.S. government contract or funded directly or indirectly with Federal funds, Johnson Controls will comply only with the following mandatory flow-downs for commercial item subcontracts pertaining to Utilization of Small Business Concerns, Equal Opportunity, Affirmative Action, and Veterans Employment: 52.219-8; 52.222-26; 52.222-35; 52.222-36; and 52.222-37. 4. Export Control. Customer shall not export or re-export, directly or indirectly, any: (i) product or service provided under this Agreement; (ii) technical data; (iii) software; (iv) information; or (v) items acquired under this Agreement to any country for which the United States Government (or any agency thereof) requires an export license or other approval without first obtaining any licenses, consents or permits that may be required under the applicable laws of the U.S. or other foreign jurisdictions, including the Export Administration Act and Regulations and shall incorporate in all export shipping documents the applicable destination control statements. Customer shall, at its own expense, defend, indemnify and save Johnson Controls harmless from and against all third-party claims, liability, loss or damage (including attorneys' fees and other defense costs), assessed against or suffered by Johnson Controls as a result of an allegation or claim of noncompliance by Customer with this Section. The obligations contained in this Section shall survive the termination or expiration of this Agreement. 5. Insurance. Johnson Controls maintains comprehensive General Liability and Automobile Liability Insurance in amounts that meet or exceed: \$1,000,000 per incident - \$2,000,000 in the aggregate and Worker's Compensation coverage as required by law. Johnson Controls will not be required to provide a waiver of subrogation in favor of any party, nor will Johnson Controls be required to designate any party as a statutory employer for any purposes. 6. Johnson Controls Brand. Without exception, Johnson Controls-branded Signage, including yard signs, window stickers and warning signs will remain the property of Johnson Controls and may be removed by Johnson Controls at any time. Customer's right to display Johnson Controls-branded Signage is not transferable and ceases upon termination or expiration of this Agreement. 7. Resale. If Johnson Controls is connecting to a previously installed existing system, to the extent the previously installed existing system is Customer's property, it shall remain Customer's property. 8. COVID-19 Vaccination. Johnson Controls expressly disclaims any requirement, understanding or agreement, express or implied, included directly or incorporated by reference, in any Customer purchase order, solicitation, notice or otherwise, that any of Johnson Controls' personnel be vaccinated against Covid-19 under any federal, state/provincial or local law, regulation or order applicable to government contracts or subcontracts, including, without limitation, Presidential Executive Order 14042 ("Ensuring Adequate COVID Safety Protocols for Federal Contractors") and Federal Acquisition Regulation (FAR) 52.223-99 ("Ensuring Adequate COVID Safety Protocols for Federal Contractors"). Any such requirement shall only apply to Johnson Controls' personnel if and only to the extent contained in a written agreement physically signed by an authorized officer of Johnson Controls.

J. System Software; Network Connections. 1. Any software provided with the System or in connection with the Services is proprietary to Johnson Controls and/or Johnson Controls' supplier(s) and is licensed or sublicensed to Customer on a non-exclusive basis. Customer may not (a) disclose the Software or source code to any third parties, (b) duplicate, reproduce, or copy all or any part of the Software, or (c) use the Software on equipment other than with the designated System with which it was furnished. A separate Software License Agreement or End User License Agreement between Johnson Controls and Customer and/or the software publisher may be required to use the software and/or obtain updates/upgrades. If the installed Equipment is to be connected to Customer's computer network ("Network"), Johnson Controls will furnish and install the software needed to run the Equipment and will connect the Equipment to the Network according to the Network settings supplied by Customer. Installation shall not include modifications to the Network, security, or firewall settings. Customer will supply a TCP/IP Ethernet network address and central processing unit per Johnson Controls specifications for access control system operation. Johnson Controls shall not be responsible for the setup, operation, or maintenance of the Network or Network performance or compatibility issues. Johnson Controls may assess additional charges, if Johnson Controls is unable to connect to the Network or if any additional Equipment is required to facilitate connectivity between the Network and the Equipment. 2. Open Source Software. Johnson Controls represents and warrants to the end user of the System that, to the extent the System includes any Open Source Software, the internal use and operation of the System by the end user will not create any obligation on the part of the end user under the terms of any Open Source License (i) to make any source code or object code available to third parties, or (ii) to license, disclose or otherwise make available to third parties any proprietary software, data or other information, or any associated intellectual property. As used herein, the term "Open Source Software" means any software, program, module, code, library, database, driver or similar component (or portion thereof) that is royalty free, proprietary software, the use of which requires any contractual obligations by the user such as, without limitation, that software that is subject to, distributed, transmitted, licensed or otherwise made available under any of the following licenses: GNU General Public License, GNU Library or "Lesser" Public License, Berkeley Software Distribution (BSD) license (including Free BSD and BSD-style licenses), MIT license, Mozilla Public License, IBM Public License, Apache Software License, Artistic license (e.g., PERL), Sun Industry Standards Source License, Sun Community Source License (SCSL), Intel Open Source License, Apple Public Source License, or any substantially similar license, or any license that has been approved by the Open Source Initiative, Free Software Foundation or similar group (collectively, "Open Source Licenses").

K. Force Majeure. Johnson Controls shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure

by Johnson Controls to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of Johnson Controls, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of Johnson Controls. If Johnson Controls' performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, Johnson Controls shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if Johnson Controls is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, Johnson Controls will be entitled to extend the relevant completion date by the amount of time that Johnson Controls was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases Johnson Controls' cost to perform the services, Customer is obligated to reimburse Johnson Controls for such increased costs, including, without limitation, costs incurred by Johnson Controls for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees or other costs and expenses incurred by Johnson Controls in connection with the Force Majeure Event.

L. Assignment. This Agreement is not assignable by the Customer except upon written consent of Johnson Controls first being obtained. Johnson Controls shall have the right to assign this Agreement or to subcontract any of its obligations under this Agreement without notice to Customer.

M. Digital Enabled Services, Software and Hosted Software Services. If Johnson Controls provides Digital Enabled Services under this Agreement, these Digital Enabled Services require the collection, transfer and ingestion of building, equipment, system time series, and other data to Johnson Controls' cloud-hosted software tools and applications. Customer consents to the collection, transfer and ingestion and use of such data by Johnson Controls to enable Johnson Controls to provide, maintain, protect and improve the Digital Enabled Services and its products and services. Customer acknowledges that, while Digital Enabled Services generally improve equipment performance and services, Digital Enabled Services do not prevent all potential malfunction, insure against loss, or guarantee a certain level of performance. As used herein, "Digital Enabled Services" mean services provided hereunder that employ Johnson Controls software and cloud-hosted software offerings and tools ("Software") to provide, improve and enable such services. Digital Enabled Services may include, but are not limited to, (a) remote inspection, (b) advanced equipment fault detection and diagnostics, and (c) data dashboarding and system health reporting.

Implementation, deployment and Customer use of Software offered under this Agreement shall be subject to, and governed by, Johnson Controls' standard terms for such Software and Software related professional services that may be updated by Johnson Controls from time to time at <https://www.johnsoncontrols.com/techterms> (collectively, the "Software Terms"). Applicable Software Terms are incorporated in this Agreement by reference. Other than the right to use the Software as set forth in the Software Terms, Johnson Controls and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. Software licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Notwithstanding any other provisions of this Agreement, unless otherwise set forth in the applicable SOW, the following terms apply to Software that is provided to Customer on a subscription basis (i.e., a time limited license or use right), (each a "Software Subscription"): Each Software Subscription provided hereunder will commence on the date the initial credentials for the Software are made available (the "Subscription Start Date") and will continue in effect until the expiration of the subscription term noted in the applicable SOW. At the expiration of the Software Subscription, such Software Subscription will automatically renew for consecutive one (1) year terms (each a "Renewal Subscription Term"), unless either party provides the other party with a notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term. To the extent permitted by applicable law, Software Subscriptions purchases are non-cancelable and the sums paid nonrefundable. Fees for Software Subscriptions shall be paid annually in advance, invoiced on the Subscription Start Date and each subsequent anniversary thereof. Invoices are due upon receipt unless otherwise specified on the invoice. Unless otherwise agreed by the parties in writing, the subscription fee for each Renewal Subscription Term will be priced at Johnson Controls' then-applicable list price for that Software offering. Any use of Software that exceeds the scope, metrics or volume set forth in this Agreement and applicable SOW will be subject to additional fees based on the date such excess use began.

N. Privacy. 1. Johnson Controls as Processor: Where Johnson Controls factually acts as Processor of Personal Data (as defined therein) on behalf of Customer, the terms at www.johnsoncontrols.com/dpa shall apply. 2. Johnson Controls as Controller: Johnson Controls will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with Johnson Controls' Privacy Notice at <https://www.johnsoncontrols.com/privacy>. Customer acknowledges Johnson Controls' Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by Company is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.
