## Work Plan Program Narrative and Statements

### Narrative

Please provide a high level overview of the emergency management program activities the jurisdiction is proposing through the EMA grant application. The narrative must reference how these activities will support outcomes from the most recent hazard identification and risk assessment, exercise after action reports, and/or actual events. The narrative should reference specific planning, training, and exercise activities that will be supported with EMA grant funds during the grant period.

Vermilion County EMA will be working to continue improve upon our county-wide Public Warning and information core capability, to enhance our cyber security of county critical infrastructure and working to improve and implement mitigation projects throughout the county.

To develop, plan and implement mitigation projects, Vermilion County EMA has obtained an All-Hazards Mitigation grant through FEMA/IEMA. We will be assembling our mitigation committee and meeting to update our expired AHMP. We will be working to include more participants and try to expand our plan for more mitigation projects for which to seek funding.

To work with local government and private sector IT departments to increase cyber security training and mitigation efforts to protect critical infrastructure and services.

### Statements

#### Mission Statement

To prepare, protect and assist the citizens of Vermilion Count through planning, prevention, training, education, mitigation, response and recovery to any and all hazards which may affect our county, whether natural, technological, or man-made.

#### Vision Statement

A secure and resilient community with the capabilities required across the whole community to prevent, protect against, mitigate, respond to and recover from the threats and hazards that pose the greatest risk.

## FFATA

The "Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The intent is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is [www.USASpending.gov](http://www.USASpending.gov)

Q1. In your business or organization's previous fiscal year, did your business organization (including parent organization, all branches and affiliates worldwide) receive (1) 80% or more of your annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants and/or cooperative agreements and (2) \$25,000,000 or more in annual gross revenue from U.S. federal contracts, subcontracts, loans, grants, subgrants and/or cooperative agreements?

- Yes  
 No

Develop and improve mitigation planning for the county	Milestone	Due Date 07/01/2024
Improve cyber security training and mitigation efforts	Milestone	Due Date 09/30/2023

### Proposed Performance Narrative

#### Strategic Planning

Describe the strategic planning efforts within the emergency management program for this performance period. Based on your jurisdiction's strategic plan, list the goals, objectives, and performance indicators for this performance period. Jurisdictions should have a minimum of three goals. For each Goal, list: - Three Objectives - Three Performance Indicators

#### Improve Public Warning and Information

O1: Increase the percentage of the public that subscribes to the Everbridge alerting system. O2: Increase the number of NOAA weather alert radios in -use throughout the county. O3: Increase training in the use of IPAWS and include IPAWS public messaging in every exercise to enhance our capability. P1:Improve our Everbridge subscription rate at 25% over the next calendar year. P2:• Ensure that every public and private school facility and long-term care facility in the county has at least one NOAA weather alert radio operational in their facility. P3:Ensure IPAWS messaging is included as an exercise performance objective in at least two of our exercises each year.

#### Develop and improve mitigation planning for the county

O1:Re-constitute the county Mitigation Planning Committee with a wide-range of government, private sector and community organizations and meet to update the current county mitigation plan O2:Develop achievable and worthwhile mitigation projects that will benefit the most members of the public O3:Complete the updated AHMP through use of a All Hazards Mitigation Plan grant in a timely and successful manner P1:Convene at least five meetings of the Mitigation Planning Committee during the year P2:Complete all phases of the AHMP update and submit to IEMA/FEMA P3:Get all villages and cities within the county to actively participate in the updating and approval of the updated AHMP

#### Improve cyber security training and mitigation efforts

O1:Incentive investments that reduce risk, including pre-disaster mitigation, and reduce disaster costs at all levels O2:Educate the public on the importance of proper preparedness for disasters O3:Push for more enhanced insurance coverage by both private and corporate entities P1:Provide education and funding sources to all local government entities to show the importance of cyber security mitigation P2:Conduct at least one cyber security focused exercise for local IT entities to participate in P3:Using available cyber security resources, review local procedures to assist in mitigation efforts
