SOIL CLASSIFIERS

Soil classifiers may be used to determine the soil characteristics on sites proposed for development with private sewage disposal systems. The soil classifiers evaluation report is used by the Vermilion County Health Department to determine the type of private sewage disposal system and the size of the subsurface seepage system for the specific site. A percolation test does not need to be done if a soil evaluation is done on the site by a soil classifier.

The following is a list of soil classifiers available for work in Vermilion County.

Bradley Cate	815-273-3550
Douglas Gaines	618-459-8619
James Hornickel	309-824-4826
Bob McLeese	217-621-7510
Bill Teater	309-925-5905
Earl Voss	217-352-3089
Galen Litwiller	217-8983946
