### **Agenda Item 4B- City of Danville**

Green explained that with Vermilion County's decrease in population that it has now been designated a rural. With this new rural designation the County is only allowed one mass transit entity over the whole county. Currently it is CRIS however the City of Danville would like for it to be Danville Mass Transit. Mayor Williams spoke to the committee and explained that we lost significant population in the 2010-2020 census. We went from urban to rural. The transit lost funding of about \$1.5 million dollars. Green suggested that we rewrite the most current ordinance from 2020 to remove CRIS as the mass transit provider and change the wording around to Danville Transit Authority instead of CRIS. Baughn advised that he pulled the 2010 ordinance as well and found that we more than likely need to send this through the Executive/Legislation Committee and then through full County Board. He will get this to the State's Attorney's office as soon as possible for their review.
